

The Federal Communications Commission

Dear The Federal Communications Commission,

I am concerned that this proposed flat fee could make my current service unaffordable. I am on a fixed income and use an inexpensive cell phone company because I cannot afford a higher priced cell phone company. Should you implement this flat fee proposal I could no longer stay in touch with my wheelchair-bound invalid mother when I am out of the house. I am not able to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund.

I use my wireless phone for the safety and security of my mother and myself. I don't want to lose these benefits. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Geraldine J. Walker Ft. Pierce, FL 34950

Sincerely,

gerry walker
